JACKSON SCHOOL OF GEOSCIENCES

MEDIA HIGHLIGHTS

October 2022

Jackson School Community,

Below is a list of recent media highlights. This selection of headlines is from a collection of roughly 200 news articles that either featured or included work by Jackson School scientists or students in October or carried some other news relevant to the school. These stories carry the research of the Jackson School to different audiences around the globe.

If you have any questions or have an idea for a story that we should be pushing to media or other audiences, please contact me or another member of the Jackson School communications team.

Enjoy,

Anton Caputo, Communications Director
