Partnership to Strengthen Local Capacity for Economic, Financial, and Social Analysis of Energy Sector Initiatives

MONTHLY REPORT – JULY 2005

Prepared for:
Association Liaison Office for University Cooperation in Development
1307 New York Avenue, N.W., Suite 500
Washington, D.C. 20005-4701

August 1, 2005
Partnership to Strengthen Local Capacity for Economic, Financial, and Social Analysis of Energy Sector Initiatives

The following are the activities of the partnership for the month of July 2005.

- Prof. Hossain, Prof. Tamim and Dr. Gülen continued to work on two research papers. One of the papers compares the gas export scenario with the no export scenario in terms of monetary value for the Bangladeshi economy. The other focuses on the economics of CNG and alternative domestic uses of natural gas such as GTL and electric vehicles.

- Prof. Tamim and Dr. Gülen attended the ALO Synergy Conference in Washington, D.C. In addition to attending different sessions,
  - They presented on the partnership.
  - They worked on current research papers and other ideas.
  - They discussed ways to collaborate and projects to work on beyond the current grant.

Next steps

Actions expected in the next month include:

- Finalize research projects.
- Write final report for the partnership.
