Speaker

bio:

Nelson Lee Nelson J. Lee is Director of Crude Trading and Origination at Cheniere Energy. Prior to starting the Oil Trading desk at Cheniere he was in charge of Eagleford and International Crude Trading at BHP Billiton. Mr. Lee's was the architect of the Condensate Export Program and under his direction, BHP Billiton was the first company self-classify or export without a BIS

Classification ruling. With almost 20 years of trading experience in Crude and Products trading, he is well versed in both physical and financial trading with expertise in Crude, Condensate, Gasoline and Distillates. His experience spans trading companies, refiners as well as global majors. Nelson graduated from the Johns Hopkins University with a degree in Economics.

More on the SPRE

The mission of the Society of Petroleum Resources Economists is to develop and maintain standards for the profession of Petroleum Resources Economist through knowledge sharing, training and best practice dissemination, and eventually to develop a certification system for its practitioners.
