About the Cover

February 2019, Volume 25, Issue 1

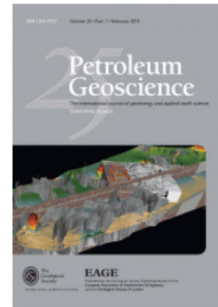

A multi-data view of the Gulf of Mexico offshore basin. Traditional data integration exploration techniques on this inner-shelf setting are transitioning to concepts for regional and site-specific geologic CO₂ storage. Seismic data owned or controlled by Seismic Exchange, Inc. Interpretation is that of the Texas Bureau of Economic Geology. Image courtesy of Tip Meckel, with thanks to Dallas Dunlap and Ramon Trevino.
