Reduced Student Registration Fee

A reduced student registration fee ($300) will be offered to a limited number of eligible students to attend the 4th International Symposium on Submarine Mass Movements and Their Consequences that will be held in Austin, Texas from November 7 – 12, 2009. This special registration will not include the conference book or any alcoholic beverages during the dinner, ice breaking event or conference receptions. Interested students must apply to get the reduced fee. Grantees will be responsible to secure funding for their own travel and accommodation expenses. Proof of student status will be requested.

Application Instructions:

1. Students interested in the reduced fee must send an email to submarinemassmovementsgrants@gmail.com. The subject of the email must be “Reduced Student Fee Application” and it should include:
   a. Full student name
   b. Name of institution and department
   c. Graduate students should include the name of their supervisors
   d. Short summary (no more than 200 words) stating the reason why the student wants to attend the conference.
   e. Willingness to participate as a student volunteer and provide support to conference organizers during the event.
   f. Scanned copy of student credentials.

2. Selected students will be required to provide logistical support during the conference. Tasks might include: registration desk assistance, poster and oral session assistance, various logistical tasks.

3. Applications to obtain reduced student registration fees must be submitted before 10/20/2009.
