Live Q&A + Energy Discussion | May 21 | 3:15-4:00 PM

You're invited to join the Texas Public Policy Foundation for a virtual screening of “Switch On” followed by Q&A with The Honorable Jason Isaac, TPPF's Senior Manager and Distinguished Fellow of Life:Powered, and filmmaker Scott Tinker, Director of UT's **Bureau of Economic Geology**. “Switch On” is a groundbreaking new documentary on the crisis of global energy poverty and its effects on humanitarian concerns from hunger and clean water to education, women's empowerment, and more.

When you RSVP, you will receive more details about how to tune in to this live online event.

Event Agenda

2:00-3:15 PM – “Switch On” Film Screening 3:15-4:00 PM – Live Q&A + Energy Discussion [Movie Synopsis](#)

“Switch On” explores the lives of more than 2.5 billion people globally living with little or no energy. What solutions are being attempted in rural and urban areas, and which are successful in providing sustainable electricity and clean cooking?
