HOUSTON, May 4, 2021 /PRNewswire/ -- Hart Energy proudly announces the honorees for E&P's 2021 **"40 Under Forty"** recognition program for technology innovators. Those being honored range from engineers to company founders, from sales representatives to chief scientists, and they represent a broad array of organizations, from oil and gas producers, service companies and technology providers to industry associations.

Qualified individuals who demonstrated workplace leadership were nominated by their peers, colleagues or superiors in an open process. All are being recognized for their positive impact on and significant individual technological contributions to their organizations.

Hart Energy, a global information provider to the industry, also announces **Dr. Scott W. Tinker** as the recipient of its special "Energy Leadership" award. He is being recognized for his influential writing, speaking, and documentary production and appearances, which advance understanding of resource development and the world's energy needs. Dr. Tinker serves as Director of the 250-person Bureau of Economic Geology, the State Geologist of Texas, and a professor holding the Edwin Allday Endowed Chair in the Jackson School of Geosciences at The University of Texas at Austin.

The honorees for E&P's "40 Under Forty" recognition program are (*alphabetically by company*):
