## Wildlife Diversity Webinar Series - Respect Big Bend

**27 views** **Aug 30, 2022** A coalition of land managers, conservationists, energy leaders, and communication specialists recently assembled to address the energy sprawl in the Greater Big Bend Region. Using the moniker Respect Big Bend, coalition partners include Borderlands Research Institute, Bureau of Economic Geology, Cynthia and George Mitchell Foundation, Texas Agricultural Land Trust, Hudson Pacific, The Nature Conservancy, and others. Respect Big Bend was organized and is supported primarily by the Cynthia and George Mitchell Foundation—a Texas foundation that seeks innovative, sustainable solutions for human and environmental problems. The mission of Respect Big Bend is “to inspire and empower stakeholders to conserve the unique resources and protect iconic communities of the Greater Big Bend Region of Texas while developing energy responsibly.”
