Insight Featured in GeoExPro Issue

Earlier this spring, Insight successfully completed performance evaluations at the University of Texas-Austin's **Bureau of Economic Geology** Devine Geophysical Test Site. Photo: Geospace

Geospace incorporates 3C fiber optic tech into downhole solution resulting in years' long massive heat tolerance

Global energy exploration equipment manufacturer Geospace Technologies recently spun-off technology from its OptoSeis® three-component fiber optical sensing permanent reservoir monitoring solution into a downhole system known as Insight™ by OptoSeis.
