

Michael DeAngelo

Professional Summary

May 3, 2025

Business address: The University of Texas at Austin
Bureau of Economic Geology
10100 Burnet Rd., Bldg. 130
Austin, TX 78758
Telephone: (512) 232-3373
E-mail address: michael.deangelo@beg.utexas.edu

Professional Preparation

Academic Background

M.S. Geophysics, The University of Texas at El Paso, 1988

B.S. Geophysics, The University of Texas at El Paso, 1983

Professional Appointments

Present Position: Research Scientist Associate, The University of Texas at Austin, Bureau of Economic Geology (August 1997 - Present). Experience in offshore/onshore exploration projects in which commercial quantities of hydrocarbons are targeted. Experience in reservoir characterization projects with emphasis on redevelopment strategies for mature reservoirs. Involved in vector-wavefield research.

Inventory Specialist, Petroleum Information, Houston, Texas (June 1992 - December 1996). Managed geological/geophysical data bases for numerous clients.

Assistant Party Manager, Western Geophysical, Brazil, South America (October 1988 - March 1991). Managed vibroseis and dynamite crews in Brazil. Supervised 117 employees. Billed USD\$5.5 million per year. Managed crew expenses of USD\$700k per year. Developed fluency in Portuguese and working knowledge of Spanish.

Geo-Technician, Exxon Company International, Houston, Texas (June 1988 - October 1988). Participated in exploration projects concentrating on identifying prospects within Cenozoic basins of Colombia, South America. Operated IBM mainframe computer; generated synthetic seismograms for well-to-seismic correlation.

Professional Registrations and Certificates

Texas Board of Professional Geoscientists #3779 Geophysics

Theses

Geophysical Anomalies in Southwestern New Mexico and Adjacent Areas, El Paso, Texas, The University of Texas at El Paso, M.S. thesis, 70 p., 1988

Continuing Education Courses Taken

ParkSEIS - Multichannel Analysis of Surface Waves (MASW): ParkSEIS, Austin, Tex., April 30-May 1, 2019

Rock Solid Images: Seismic Attribute Workshop, Austin, Texas, November 2006

ProMax 2D/3D Training Course: Landmark, Austin, Texas, July 2005

Carbonate sequence stratigraphy and reservoir characterization: concepts and applications: Bureau of Economic Geology short course, The University of Texas at Austin, Drs. Scott Tinker and Charlie Kerans, instructors, Austin, Texas, May 2002

Understanding seismic anisotropy in exploration and exploitation: SEG Distinguished Instructor short course by Leon Thomsen, BP Amoco Upstream Technology, Houston, Texas, 2002

Seismic Sequence Stratigraphy: Bureau of Economic Geology, Austin, Texas,

STRATA: Hampson and Russell, Earth Imaging Solutions, Houston, Texas,

SYNTOOL: Landmark Graphics Corporation, Houston, Texas,

Areas of Expertise

Areas of Expertise

2-D/3-D seismic interpretation and seismic inversion analysis

Development of seismic vector-wavefield technologies

Geological/geophysical database management

Seismic data acquisition and 3D acquisition design

Awards

Awards and Honorary Societies

Bureau of Economic Geology Author Achievement Award, 2016

Bureau of Economic Geology Author Achievement Award, 2009, 2011, 2014

Service

External Committees Participation

Member, Technical Program Committee, Society of Exploration Geophysicists, 87th Annual International Meeting, Houston, Tex., 2017

Member, Editorial Board, Interpretation, Society of Exploration Geologists, January, 2013

Key Contact, Technical Program Committee, 77th Annual International Meeting, Society of Exploration Geophysicists, 2007

Key Contact, Technical Program Committee, 71st Annual International Meeting, Society of Exploration Geophysicists, 2001

Presentations

Invited Presentations

A Proposed 4-Phase Workflow for Defining Permit-Ready Locations for Large-Volume CO₂ Injection and Storage: presented to American Geophysical Union, presented at AGU 2024 Conference, Washington, DC, December 11, 2024.

Presentations

A WORKFLOW FOR DOWN-SELECTING A CCS SITE: presented to Geological Society of America, South-Central Section, presented at 56th Annual Meeting - 2022, virtual; <https://doi.org/10.1130/abs/2022SC-373658>, March 14, 2022.

Early Miocene High Island Delta System, Offshore Texas and Louisiana: presented at AAPG annual meeting, San Antonio, Tex., May 19-22, 2019.

Evaluation of the seismic structural and stratigraphic framework of the Upper Texas Shelf and its potential for CCS: presented to IEAGHG members, presented at International Workshop on Offshore Geologic CO₂ Storage: Digital Poster, Austin, Texas, April 21, 2016.

Integrated 4C2D OBC seismic data registration of near-seafloor sediments, Green Canyon, Gulf of Mexico: presented at the Exploration Geophysics Laboratory Spring Sponsors' Meeting, Austin, Texas, April 17, 2008.

Activities of a Professional Nature

Professional Societies

Society of Exploration Geophysicists

Texas Board of Professional Geoscientists #3779 (Geophysics)

Funding

Research Support

Principal Investigator: Sabine Pass CO2 Site Assessment - Phase I, Cheniere Energy (June 5-August 1, 2019; \$29,907.00).
