

Michael H. Young

Professional Summary

August 23, 2025

Business address: The University of Texas at Austin
Bureau of Economic Geology
10100 Burnet Rd., Bldg. 130
Austin, TX 78758
Telephone: (512) 475-8830
E-mail address: michael.young@beg.utexas.edu

Professional Preparation

Academic Background

Ph.D., Soil and Water Science (Soil Physics/Hydrology), University of Arizona, Tucson, Arizona, 1995

M.S., Geological Sciences (Hydrogeology), Ohio University, Athens, Ohio, 1985

B.A., Geology (cum laude with honors), Hartwick College, Oneonta, New York, 1983

Professional Appointments

Associate Dean for Research, Jackson School of Geosciences, University of Texas at Austin (September 2023-Present)

Associate Director for Environment and Senior Research Scientist, Bureau of Economic Geology, Jackson School of Geosciences, The University of Texas at Austin, Austin, Texas (August 2010-Present)

Acting Executive Director, Division of Hydrologic Sciences, Desert Research Institute, Las Vegas, Nevada (2008-2010)

Assistant/Associate/Research Professor, Desert Research Institute, Las Vegas, Nevada (2000 - 2010).

Deputy Executive Director, Division of Hydrologic Sciences, Desert Research Institute, Las Vegas, Nevada (2003 - 2008).

Senior Research Scientist, School of Civil and Environmental Engineering, Georgia Institute of Technology, Atlanta, Georgia (1998 - 2000).

Assistant Research Scientist, Department of Soil, Water and Environmental Science, University of Arizona, Tucson, Arizona (1996 - 1998).

Principal/Hydrologist, GeoSystems Analysis, Tucson, Arizona (1991-1996)

Research Specialist (Senior), Department of Soil, Water and Environmental Science, University of Arizona, Tucson, Arizona (1990 - 1996).

Hydrogeologist, C. C. Johnson & Malhotra, Silver Spring, Maryland (1988-1990)

Hydrogeologist/Project Manager, Division of Waste Management, U.S. Nuclear Regulatory Comm., Wash., D.C. (1986-1988)

Professional Registrations and Certificates

Certified Environmental Manager--State of Nevada, No. 1766

Certified Professional Geologist--State of Virginia, No. 728

Registered Geologist--State of Arizona, No. 26532

Registered Geologist--State of Georgia, No. 1494

Dissertations

Young, M. H., 1995, Monitoring near surface soil water loss with time domain reflectometry and weighing lysimeters, University of Arizona, PhD dissertation, 144 p.

Theses

Young, M. H., 1986, A comparative study to determine the effects of coal mining on the hydrology of small watersheds in southeastern Ohio: Ohio University, Master's thesis, 400 p.

Areas of Expertise

Areas of Expertise

Design and implementation of monitoring systems for above-ground and near-surface below-ground environments

Ecohydrology of arid and semiarid landscapes

Groundwater recharge in both managed agriculture and natural (arid and semiarid) systems

Influence of soil structure and vegetation on water cycling

Awards

Awards and Honorary Societies

Joseph C. Walter Jr. Excellence Award, Jackson School of Geosciences, 2017

Elected Fellow, Geological Society of America, 2016

Elected Fellow, Soil Science Society of America, 2016

Nominated for Excellence in Reviewing Award, Water Resources Research, 1995-1996

Outstanding Research Staff Award, College of Agriculture, University of Arizona, 1994

Member, Gamma Sigma Delta Honor Society, 1992

Nominated for John Christopher Hartwick Award, 1982

Service

External Committees Participation

Co-Director, International Soil Modeling Consortium, 2016-Present

Consulting Editor, Vadose Zone Journal, 2016-Present

Member, National Academies, Geosciences Briefing Consortium, 2015-Present

Member, Graduate Studies Committee, Energy and Earth Resources Program, UT-Austin, 2014-Present

Member, Soil Systems and Critical Zone Processes Technical Committee, American Geophysical Union, 2011 - present

Member, Graduate Studies Committee, Jackson School of Geosciences, 2010 - present

Co-Director, International Soil Modeling Consortium, 2016-2018

Member (Chair 2017), Soil Physics and Hydrology Mentoring Committee, Soil Science Society of America (SSSA), 2015-2017

Member, Critical Needs Working Group, American Geosciences Institute, July 2014-June 2016

Member, Geoscience Briefing Consortium, National Academies of Science, July 2014-June

2016

Liaison between GSA Hydrogeology Division and SSSA, 2014-2016

Member, SSSA-AGU Partnership Committee (S682.1), SSSA, 2014-2016

Founding Chair, Soils and Soil Processes Interdisciplinary Interest Group, GSA, 2013-2015

Managing Editor, Vadose Zone Journal, 2013-2015

Member, Joint Technical Program Committee, Geological Society of America, 2013-2015

Member, Soil Physics Division Executive Committee, SSSA, 2013-2015

Co-organizer, Soil as a Controller and Integrator of Geological Processes, GSA National Meetings, Vancouver, Canada, 2014

Member, Steering Committee, Hydropedology Working Group, ACS 837, 2002-2014

Co-organizer, Environmental Geosciences Symposium and Plenary, AAPG International Conference and Exposition, Cartagena, Colombia, 2013

Co-organizer, Impacts of Land-Use Change and Disturbances on Unsaturated-Zone Ecohydrology and Process Characterization, GSA National Meetings, Denver, Colorado, 2013

Co-organizer, Soil as a Mediator of Geological Processes, GSA South-Central meeting, Austin, Texas, 2013

Co-organizer, Soil Mediated Drivers of Coupled Biogeochemical and Hydrological Processes Across Scales, Chapman Conference sponsored by AGU, Tucson, Arizona, September, 2013

Co-organizer, Soil Systems and Critical Zone Processes--Integrating Life Support Functions across Disciplines, Monte Veritas, Ascona, Switzerland, March, 2013

Member, Technical Planning Committee for Environmental Geosciences, AAPG International Conference and Exposition, Cartagena, Colombia, 2013

Member, Technical Review Panel, Division of Computational, Environment and Life Sciences, Argonne National Labs, 2013

Co-convenor, Impacts of Bioenergy Crops on Water Quantity and Quality, SSSA Meeting, Cincinnati, Ohio, 2012

Co-convenor, Non-point source fluxes in the vadose zone and groundwater, AGU Fall Meeting, San Francisco, California, 2012

Co-Editor, Vadose Zone Journal, 2010-2012

Member, American Nuclear Society Standards Committee, 2.17 and 2.9, 2008-2012

Member, Standard Committees 2.17 and 2.9, American Nuclear Society, 2008-2012

Associate Graduate Faculty, Department of Geosciences, University of Nevada Las Vegas, 2003-2012

Graduate Faculty, Hydrologic Sciences Program, University of Nevada Reno, 2000-2012

Member, Vadose Zone Committee, American Geophysical Union, 1998-2012

Co-convenor, Past Land Use Changes on Water Resources: An Analog for Assessing Effects of Proposed Bioenergy Crops, American Geophysical Union Annual Meeting, San Francisco, 2011

Elected S-1 Technical Chair, Soil Science Society of America, 2010 - 2011

Elected S-1 Technical Chair, Soil Science Society of America, 2010-2011

Associate Editor, Soil Science Society of America Journal, 2008 - 2010

Associate Editor, Vadose Zone Journal, 2002 - 2010

Co-convenor, Landscapes in Semiarid and Arid Environments: A Hydrological and Ecological Perspective, American Geophysical Union Fall Meeting, 2009

Lead Proposal Writer, Multi-State Research Project, CSREES, W-188, 2009

Member, Fall Meeting, Environmental Vadose Zone Hydrology, American Geophysical Union, 2009

Member, S-1 Early Career Award Committee, American Society of Agronomy, 2006 - 2009

Co-convenor, Meeting, Soil, Water and Plants: Linking Physical Processes in Water Controlled Ecosystems, Ecological Society of America, 2008

Member, Fall Meeting, Environmental Vadose Zone Hydrology, American Geophysical Union, 2008

Member, Kirkham Award Committee, American Society for Agronomy, 2006 - 2007

Co-convenor, Fall Meeting, Bridging Hydrology, Soil Science and Ecology: Hydopedology and Ecohydrology, American Geophysical Union Fall Meeting, 2006

Chair, Vadose Zone Committee, American Geophysical Union, 2002 - 2004

Faculty Senate, Desert Research Institute, 2001-2004

Member, Fall Meeting, Environmental Vadose Zone Hydrology, American Geophysical Union, 2000 - 2004

Co-convenor, Subsurface Fluid, Energy, and Solute Transport Processes: Concepts, Models, and Observations, American Geophysical Union Spring Meeting, Nice, France, 2003

Chair, Technical Committee, CSREES, W-188, 2002 - 2003

Secretary, Faculty Senate, Desert Research Institute, 2002 - 2003

Technical Committee Chair, CSREES, W-188, 2002-2003

Co-convenor, Scaling Issues in Vadose Zone Hydrology, American Geophysical Union Fall Meeting, 1998

Teaching and Advising

University Courses Taught

Vadose Zone Processes in Ecohydrology: presented at the Department of Geosciences, The University of Texas at Austin, Austin, Texas, 2012.

Introduction to Vadose Zone Hydrology: presented at the Department of Geosciences, University of Nevada Las Vegas, Las Vegas, Nevada, 2009.

Ecohydrology of Arid Lands: presented at the Department of Geosciences, University of Nevada Las Vegas, Las Vegas, Nevada, 2008.

Introduction to Vadose Zone Hydrology: presented at the Department of Geosciences, University of Nevada Las Vegas, Las Vegas, Nevada, 2007.

Introduction to Vadose Zone Hydrology: presented at the Department of Geosciences, University of Nevada Las Vegas, Las Vegas, Nevada, 2005.

Introduction to Vadose Zone Hydrology: presented at the Department of Geosciences, University of Nevada Las Vegas, Las Vegas, Nevada, 2004.

Activities of a Professional Nature

Professional Societies

American Geophysical Union

American Society for Agronomy

Gamma Sigma Delta Honor Society

Joint Technical Program Committee, Geological Society of America

Soil Science Society of America

Activities of a Professional Nature

Technical reviewer (last 5 years): National Science Foundation, Water Resources Research, Journal of the American Water Resources Association, Vadose Zone Journal, Soil Science Society of America Journal, Journal of Contaminant Hydrology, Journal of Ecohydrology, Hydrological Processes, Hydrogeology Journal (2009-Present)

Student advisor, Benjamin Bass--Undergraduate, and committee member for Undergrad Special Thesis with Cardenas (graduated), The University of Texas at Austin, 2012

Student advisor, Jeremy Koonce--Ph.D., co-advisor with Zhongbo Yu, University of Nevada Las Vegas, 2012

Student advisor, Joseph Asante--Ph.D., committee member (graduated), University of Nevada Las Vegas, 2012

Student advisor, Kerstan Wallace--M.S., co-advising with Meckel, The University of Texas at Austin, 2012

Student advisor, Lena Wright--M.S., committee member (graduated), University of Nevada Las Vegas, 2012

Student advisor, Mary Hingst--M.S., co-advising with Romanak, The University of Texas at Austin, 2012

Student advisor, Nathan Meyer--M.S., committee member with Dan Brecker (graduated), The University of Texas at Austin, 2012

Student advisor, Sean Porse--M.S., co-advisor with Hovorka, The University of Texas at Austin, 2012

Student advisor, Todd Caldwell--Ph.D. (graduated), University of Nevada Reno, 2012

Student advisor, Travis Swanson--Ph.D., committee member, The University of Texas at Austin, 2012

Zhu, J., Young, M. H., and Moran, E. A., 2006, Effects of polyacrylamide treated soils on water seepage in unlined water delivery canals (abs.): presented at the American Society of Agronomy Meeting, Indianapolis, Indiana.

Presentations

Invited Presentations

Projected landscape impacts from energy development scenarios in the Trans-Pecos: presented to Texas Agricultural Land Trust, Espino Conference Center, Sul Ross State University, Alpine, Tex., November 14, 2019.

Developing aquatic ecosystem science to inform environmental performance: presented to Water-Energy Regulatory Environment and Trends Session, presented at The University of Texas at Austin/Exxon Mobil 2018 Energy-Water Workshop, Austin, Tex., December 3, 2018.

Critical linkages between environment, energy resource development, and economics: presented to OLLI SAGE Lecture Series, Austin, Tex., October 2018.

Mid-century resilience in the face of climate extremes and population growth: experiences from the Lone Star State: presented to Desert Research Institute, Reno, Nev., September 2018.

Update on TexNet Seismic Monitoring Program: Testimony presented to Texas House

Committee on Energy Resources, Austin, Tex., April 18, 2018.

Mid-century resilience in the face of climate extremes and population growth: experiences from the Lone Star State: presented to Hartwick College, Les Rude Lecture Series, Oneonta, NY, April 2018.

Planet Texas 2050: Mid-century resilience in the face of climate extremes and population growth: presented to Defense Advanced Research Projects Agency, Washington, DC, April 2018.

Characterizing Soil and Landscape Attributes at Different Scales: Applications in Desert Ecosystems: presented to Brazilian Soil Physics Meeting, Universidade de São Paulo, Brazil, 2017.

Improving Soil Models by Connecting Scientific Disciplines: presented to Community Surface Dynamics Modeling System, Annual Meeting, Boulder, Colo., 2017.

TexNet-CISR: An Integrated Response to Seismicity in Texas: presented to American Geosciences Institute, presented at Critical Issues Program webinar, 2017.

Time Series Analysis of Energy Production and Associated Landscape Fragmentation in the Eagle Ford Shale Play: presented to South Texas Geological Society Meeting, San Antonio, Tex., 2017.

TexNet and CISR: Integrated Seismicity Monitoring and Research in Texas: presented to the Association of American State Geologists (AASG), presented at annual meeting, Flagstaff, AZ, June 2015.

From Athens to Austin: Field Experiences of a Geoscientist: presented to Department of Geological Sciences, Ohio University, presented at 2015 Alumni Symposium, Athens, OH, April 2015.

Understanding the Water/Land/Energy Nexus in Texas: presented to the University of Arkansas at Little Rock, presented at a symposium on Reducing the Impact of Hydraulic Shale Fracturing and Natural Gas Drilling on Environments, Little Rock, AR, April 2015.

Water/Land/Energy Nexus for Unconventional Energy in Texas: presented to the University of South Carolina, Department of Earth and Ocean Sciences Seminar Series, Columbia, SC, February 2015.

Experiences in Texas: water, land and unconventional fossil energy exploration: presented at the 79th North American Wildlife and Natural Resources Conference, Denver, Colorado, 2014.

Seismic experiences in Texas: presented at the IPAA's 84th Midyear Meeting and Land Access & Environmental Issues Conference, Colorado Springs, Colorado, 2014.

Water/land/energy nexus for unconventional energy in Texas: presented at the Air and Waste Management Association, Fall 2014 Symposium Energy and the Environment: Progress and Possibilities, Austin, Texas, 2014.

Water/land/energy nexus for unconventional energy in Texas: presented at the University of Minnesota, Biosystems Engineering Seminar Series, St. Paul, Minnesota, 2014.

Environmental impacts of hydraulic fracturing--truth or fiction: presented at AAPG International Conference and Exposition, Cartagena, Colombia, 2013.

Water/land/energy nexus for unconventional energy in Texas: presented at Argonne National Laboratories, 2013.

Energy from unconventional: new hope, new challenges: presented at Division of Earth and Life Studies, National Research Council, Washington, D.C., November 2012.

Monitoring pharmaceutical compounds applied to active golf courses from recycled water: presented to invited talk presented to Texas Council on Environmental Quality, Austin, Texas,

August 2012.

CO2 EOR in Texas: research, resources, and opportunities: presented to the Texas House Subcommittee on Energy Resources, June 2012.

Energy, water, and hydrofracking in Texas: presented to invited talk presented at the Association of American State Geologists National Meeting, Austin, Texas, June 2012.

National cooperative geologic mapping, 20 years and counting, Part 3a--where do we go from here, or what hath lidar wrought?: presented to invited talk presented at the Association of American State Geologists National Meeting, Austin, Texas, June 2012.

Update on Bureau of Economic Geology research in geologic sequestration: project description and update: presented to invited talk presented at TCEQ Trade Fair, Austin, Texas, May 2012.

Adapting to sea level rise and managing risk along the Texas Gulf Coast,: presented to invited talk presented to UT-Austin Energy Institute Advisory Committee, Austin, Texas, April 2012.

Energy/environmental aspects of unconventional gas and hydrofracking: presented to invited talk presented at AIPG meeting, Austin, Texas, March 2012.

Multi-scale characterization of arid soil properties for predicting landscape processes: presented at New Mexico Tech, Hydrology seminar series, Austin, Texas, March 2012.

University of Texas experimental and scientific collaboratory for earth surface assessment and research (UTEXAS CESAR): presented to invited talk presented to UT-Austin Jackson School Advisory Committee, Austin, Texas, March 2012.

Energy from unconvensionals: new hope, new challenges: presented at Division of Earth and Life Studies, National Research Council, Washington, D.C., 2012.

Above-ground energy/water aspects of unconventional gas and hydrofracking: presented to presented at the Association of American State Geologists National Meeting, Dubuque, Iowa, June 2011.

Gulf of Mexico Miocene CO2 site characterization mega transect: presented to presented at the Association of American State Geologists National Meeting, Dubuque, Iowa, June 2011.

Multi-scale characterization of arid soil properties for predicting landscape processes: presented at the Texas A&M Scholars Program, College Station, Texas, 2011.

Water-related research activities being conducted by the Bureau of Economic Geology, UT-Austin: presented to presented at the Texas Water Conservation Association, Austin, Texas, 2011.

Monitoring and examining soil water balance to support riparian restoration: presented at the Lower Colorado River Basin Riparian Revegetation Workshop, Las Vegas, Nevada, May 7, 2008.

Installation, calibration, and instrumentation of the Boulder City, Nevada, weighing lysimeters: presented at the Symposium--Understanding Near-Surface Environmental Processes, Las Vegas, Nevada, April 9-10, 2008.

Evolution of arid alluvial soils: linking texture and structure to the partitioning of water at different spatial scales: presented at the 1st International Conference on Hydropedology, State College, Pennsylvania, 2008.

Groundwater characterization and monitoring strategies II: presented at the American Nuclear Society Meeting, Washington, D.C., November 11-15, 2007.

Measuring water content in near-surface soils with large changes in ambient temperature: presented at Environmental Sensors Symposium, Boise State University, Boise, Idaho, October 26-27, 2007.

Large weighing lysimeters for studying environmental processes in arid soils: presented to presented at Unsaturated Zone Interest Group meetings, Los Alamos, New Mexico, August 27-29, 2007.

Evolution of soil hydraulic properties on arid alluvial fans: impacts on near-surface water resources: presented at Hohai University, School of Hydraulic Eng, Nanjing, China, 2006.

Presentations

Using eddy covariance to investigate ecosystem and climate controls on evapotranspiration (ET) across the Edwards Aquifer recharge region of central Texas (oral): presented to Geological Society of America (GSA), presented at Annual GSA Conference, Pittsburgh, Pa., October 14-19, 2023.

Using Eddy Covariance to Investigate Ecosystem and Climate Controls on Evapotranspiration Across the Edwards Aquifer Recharge Region of Central Texas: presented to AmeriFlux, presented at Annual AmeriFlux Meeting, Gardner, Mass., October 2-6, 2023.

Research Activities in Texas: Cal/Val for SMAP and Sensor Evaluations: presented to W-3188, presented at Multi-State Soil Physics Group, Riverside, Calif., January 10-11, 2019.

Green Water and Vulnerable Ecosystems in Unconventional Energy Plays: presented to Soil Science Society of America, presented at International Soils Meeting, San Diego, Calif., January 6-9, 2019.

Landscape Alteration from Energy Development in the Greater Big Bend Region of Texas: presented at Soil Science Society of America International Soils Meeting, San Diego, Calif., January 8, 2019.
